

Upcoming Change to PEG Channel Placement on Breezeline Stream TV

Dear Local Franchise Authority,

At Breezeline, we're committed to providing a high-quality TV experience that includes access to local programming such as Public, Education, and Government (PEG) channels. To enhance the user experience on our streaming platform, we are updating the channel placement of PEG content.

If your community has one or more PEG channels on Breezeline Stream TV, effective July 1, 2025, such PEG channel(s) will move from the 2000 channel range to the 9000 channel range. This change applies only to Breezeline Stream TV lineups. Channel numbers for PEG channels on legacy Breezeline TV lineups will remain unchanged. You can refer to the back of this letter for the new PEG channel numbers.

Please note that Breezeline Stream TV customers are already being notified of the change in PEG channel numbers. Also, the Stream TV user experience will not be impacted. PEG channels will continue to be easily accessible, appearing just above Channel 1 in the on-screen program guide.

As a top provider of advanced Internet, TV and phone services in the U.S., we are proud to provide customers in your community with the best connected experiences now and the year ahead.

Please contact us if you have any questions.

**Sincerely,
Your Breezeline Team**

**PEG Channel Name and New Channel Number on Breezeline Stream TV
(Effective July 1, 2025)**
