Hi Jeff,

My name is Nate Veilleux, I'm 33 years old and a new resident of Concord as of August of 2023. I live on Broken Ground Dr, and since moving here, have discovered that it is a highly traveled "cut through" road between Portsmouth St. and East Side Dr. The majority of the vehicles traveling on the road are not adhering to the 25mph speed limit signs and the road is far more dangerous than I had anticipated before moving. I live towards the Portsmouth St end of Broken Ground Dr and find that even trying to back out of my driveway is dangerous due to the vehicles turning down the road and accelerating without paying attention to the speed limit. I didn't realize before moving here that this road was so heavily traveled, which would not be such an issue if it weren't for the rate at which the vehicles are traveling. I have since found that GPS takes you down this road as the "quickest route" option to get to the highway and I just don't think people are paying attention to the fact that they're on a heavily settled neighborhood street.

Reaching out with the hope that you might be able to assist me or provide direction on how to begin the process for getting speed bumps or speed tables and sidewalks installed on this street.

I appreciate your time and consideration and hope to hear from you soon. If you would like to speak directly, please feel free to contact me via email or by phone.

Thank you!

Nate Veilleux
