Re: Roads Scholar Program

Dear Sirs and Madams:

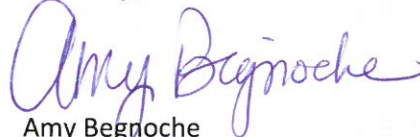

It is our pleasure to inform you that Jim Major has achieved the status of **Master Roads Scholar**. The T2 Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Master Roads Scholar is the **fourth achievement level** of six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 100 contact hours, including the requirements for Roads Scholar Two, which are: 25 hours in technical areas, 5 hours in supervision, 5 hours in environmental, and 5 hours in safety. The additional 60 hours required for this level are at the learner's discretion. The typical training session yields five hours of contact, therefore an individual must typically attend **twenty one-day workshops** to reach the level Jim has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Jim has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,

A handwritten signature in blue ink that reads "Amy Begnoche".

Re: Roads Scholar Program

Dear Sirs and Madams:

It is our pleasure to inform you that Mike Nugent has achieved the status of **Roads Scholar One**. The T² Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Roads Scholar One is the **first achievement level** of the six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 25 contact hours, at the learner's discretion. The typical training session yields five hours of contact, therefore an individual must typically attend **five one-day workshops** to reach the level Mike has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Mike has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,

Dear Sirs and Madams:

It is our pleasure to inform you that Dennis Gilmore has achieved the status of **Senior Roads Scholar**. The T² Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Senior Roads Scholar is the **third achievement level** of the six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 75 contact hours, including the requirements for Roads Scholar Two, which are: 20 hours in technical areas, 5 hours in supervision, 5 hours in environmental, and 10 hours in safety. The additional 35 hours required for this level are at the learner's discretion. The usual training session yields five hours of contact, therefore an individual must typically attend **fifteen one-day workshops** to reach the level Dennis has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Dennis has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,
