

CITY OF CONCORD

REPORT TO MAYOR AND THE CITY COUNCIL

FROM: David Gill, Parks and Recreation Director
DATE: February 28, 2018
SUBJECT: Parks and Recreation Summer Camp Brochure

The Parks and Recreation Summer Camp Brochure is now available. The program guide covers all summer camps the department is offering.

Concord Parks & Recreation is very excited to host our traditional day camps along with many of our specialty camps at the new City Wide Community Center at Keach Park. The community center will feature:

- designated camp rooms
- art room
- teaching kitchen
- auditorium with stage
- satellite library
- high school sized indoor gym
- exercise rooms

In addition to the new City Wide Community Center the outdoor pool, tennis and basketball courts at Keach Park have also been renovated over the past 8 months. Along with the beautifully maintained athletic fields at Keach Park, this new facility has everything needed to provide children a very active, fun filled summer!

The brochure is delivered to all elementary school children in Concord/Penacook and copies are available at City Hall, Concord and Penacook Libraries and at the community centers. The brochure is also available on the department's web site: www.concordparksandrec.com

The main Summer/Fall Brochure with information on the outdoor pools, swim lessons, regular fall programming and information on the new Community Center Operation will be available the first full week of May.
