Re: Roads Scholar Program

Dear Sirs and Madams:

It is our pleasure to inform you that Chad Jaquith has achieved the status of **Senior Roads Scholar**. The T² Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Senior Roads Scholar is the **third achievement level** of the six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 75 contact hours, including the requirements for Roads Scholar Two, which are: 20 hours in technical areas, 5 hours in supervision, 5 hours in environmental, and 10 hours in safety. The additional 35 hours required for this level are at the learner's discretion. The usual training session yields five hours of contact, therefore an individual must typically attend **fifteen one-day workshops** to reach the level Chad has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Chad has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,

Amy Begnoche
