I want to thank you and the city staff for creating the beautiful river walk along the Merrimack. I use a walker and this trail is smooth and clean making it wonderful for someone with my handicap. I've also found that everyone I meet there is happy. Just wonderful!! What a gift to the city residents. Thank you. Peg Smith.

Chief Chisholm,

On behalf of the Town of Bow Fire Department, I'd like to thank you for your crew's work during our fatal MVA on US 93 Northbound on Wednesday the 20th of November. Captain Johnson and his crew from Broadway, along with Tower, were first to arrive to a multi car MVA with two cars on fire. Ambulance 4 quickly packaged a pregnant female with serious injury and immediately transported. Engine 4 began fire attack as our duty crew was committed to another incident in Bow. As our call company arrived with reinforcements, he transferred command to Deputy VanDyke and continued to be an incredible asset to the management of that tragic scene.

Captain Johnson and your entire membership have been instrumental in our success in Bow. Their willingness to share knowledge, and hard work in our town speaks volumes of their character.

Thank you and the rest of the members of the Concord Fire Department for your reliable partnership.

With gratitude,

Chief Dennis Comeau

Good morning Captain Dolloff,

In the month of September, my family and I were traveling home from our vacation in Maine. A most delightful trip until we hit Concord New Hampshire, when all of a sudden my back drivers side tire had a blow out! I just had my sling removed from a complete shoulder replacement and without the use of my right arm I was starting to panic trying to figure out how to change the tire, when all of a sudden Concord Vfd from station 5 pulled up behind me flipped on their lights and blocked my vehicle and family from harm; and proceeded to change the tire for me, then had me follow them back to the station and properly inflated my spare for me. The three gentlemen that served and protected that day will forever be in my thoughts and prayers, not enough people truly understand the dedication, sacrifice, and abuse that our emergency response personnel endure. Truly indebted to the station and greatly appreciate all your emergency response men and women....

With all that being said I would truly love to cater a dinner for your station just need a little help with logistics maybe a day you would all be there and how many it would be for.

Looking forward to hearing back from you, God bless and be safe!

Sincerely,
Sgt Ryan Rembacki
