Hi Janice:

Could we refer the email below to the Recreation and Parks Advisory Committee?

Thanks!

Byron

> Hi Byron,

> Nice to speak with you today. I went back and looked at the hours. The issue is that on Saturday and Sunday the pool is only open from 12:30-4:30. Since Whites at least is mostly geared toward little kids, that is a very limited window given nap time is probably taking up a big chunk of it. We'd love to see the pool open earlier (9:00 would be perfect) - close for longer mid day -and then be open until 6 or 7. When you think about little kids who get up at 6(!) waiting until 12:30 to swim is a real drag. Of course, having the pools open later in the season would also be wonderful.
