Hi Janice,

I met with Byron this morning about the Airport Advisory Committee, and I would like to submit myself for the Residential Neighborhood Representative position.

I have lived in Concord almost my whole life, and for the last two years, I have lived at 11 Canterbury Road on the Heights. It's close to the airport and part of the take off/landing path, so I see and hear the planes and helicopters frequently. I would like to be considered for the position of Residential Neighborhood Representative because I would like to do my part to help the City, its residents, and my neighborhood. The Heights can be overlooked because Main Street is such a vital part of Concord, but I have had the chance to see how vibrant the Heights can be. I have fond memories of my kids, now teenagers, watching planes take off and land at the Concord Airport, and I think this position will give me insight to how necessary the Airport is to Concord.

I've also attached my resume as well.

Thanks,
Alyssa
