REPORT TO MAYOR AND CITY COUNCIL

From: Brian LeBrun, Deputy City Manager – Finance
Date: March 21, 2023
Subject: Recommendation to Create an Electric Aggregation Plan

Recommendation:

The Fiscal Policy Advisory Committee recommends that City Council direct the Energy and Environment Advisory Committee to create an Electric Aggregation Plan for the City of Concord in accordance with RSA 53-E:6.

Background:

The Fiscal Policy Advisory Committee received a referral from City Council regarding the invitation to join the Community Power Coalition of NH to aggregate power for the community, with other communities in the State of NH.

Discussion:

The City of Concord received an invitation to join the Community Power Coalition of NH. The City Council referred this issue to the Fiscal Policy Advisory Committee for review and recommendation. After a thorough review and consideration, the Fiscal Policy Advisory Committee recommends that the City Council have a special committee work with the Energy and Environment Advisory Committee to prepare an Electric Aggregation Plan in accordance with RSA 53-E:6 and report back to the City Council upon completion of the plan. Once the City Council receives the report, they will be able to make a decision on any next steps regarding community power aggregation.
