Lucy Murayda	Concord, NH	The rail trails are awesome for people with disabilities. My daughter is blind and the rail trails offer her a safer way to enjoy our wonderful, nature-filled state! Thank you for creating this petition and good luck!
Roland Berube	Concord, NH	Whenever I travel out-of-state, I always look for places that have rails-to-trails bike paths in determining where I'll visit/stay. This would be a great attraction for drawing tourists to the Concord area, as well as a great resource for Concord and NH citizens to use for their own recreational enjoyment. What a perfect opportunity to draw people closer to the river!
Dick McIntire	Bow, NH	
Ted Roche	Hopkinton, NH	Once it is gone, it is gone. Please do not pass up this opportunity to open up recreational infrastructure in the heart of the Capitol Region!
Sandra Lagueux	Londonderry, NH	
Bob Rimol	Londonderry, NH	
Hans Whipple	Concord, NH	
Susanne Kibler-Hacker	Dunbarton, NH	The Concord area is a missing link in a trail network spanning the state from Lebanon to Salem. Connecting the capital region would be great for Concord and have a statewide impact.
Ryan Hvizda	Concord, NH	I support this 100%!
Stuart Russell	Loudon, NH	
Molly Williams	New London, NH	We walk the northern rail trail from Lebanon to Boscawen all the time and would love to be able to walk this new section all the way to Concord. Please use our tax dollars to buy this small section, which would have a over-sized impact on the usability of the rail trail.
Bill Mitchell	Concord, NH	
Sean Skabo	Boscawen, NH	The growth of our trail system is an important part of concord economic development for the residents and tourism.
Tom Raffio	Bow, NH	
Marguerite Orazi	Concord, NH	
Joel Berman	Concord, NH	
Shannon Szumierz	Bow, NH	
Tim Ainsworth	Loudon, NH	
James Langley	Santa Cruz, CA	Everywhere rail trails go in the quality of life improves because they make it so much easier, safer and more fun to hike & bike and enjoy the outdoors. Please purchase the corridor, convert it to a rail trail - and help make this an even greater place to live. Thank you.
Cheryl Morgan	Concord, NH	
Susan Youngs	Webster, NH	
Geoffey Smith	Loudon, NH	I am a greater Concord area resident, a medical doctor and an active bicycle riding rail trail user. If we were to lose the opportunity to acquire this 6.36 mile stretch of abandoned railway property, the City of Concord and the State of New Hampshire would have lost a tremendous opportunity to support and enhance both the physical and emotional well-being of those of us who live here as well as those who visit us from afar. I am also confident that the financial benefits to our State and local economy from acquiring this property would be significant as people from our State and from around the country learn of and utilize the trail. In short, I believe that through this acquisition we would have so much to gain and nothing to lose.
Brad Borbridge	Bow, NH	
Racheal Stuart	Deerfield, NH	
Byron Champlin	Concord, NH	

I support the purchase of the recently abandoned railroad corridor between Boscawen and Concord and converting it to a rail trail.

Peter Riendeau	Canterbury, NH	As an early and avid user of the Northern Rail Trail, and as a tourist who seeks out rail trails wherever I vacation, it is of inestimable benefit to NH tourism to sustain the development of the NRT by extending it to Concord from Boscawen. In fact making a plan to connect Concord with Manchester by rail trail would be another fantastic opportunity!

Thomas Salzmann	Dunbarton, NH	
Rebecca Lougee	New Hampton, NH	
Brett Walker	Salisbury, NH	
Jonathan Gregory	Concord, NH	
Sandra Graves	Andover, NH	Another opportunity to provide a safe recreational walking, bicycling trail. Another opportunity to see the countryside from a totally different perspective. Another opportunity to preserve and improve on a part of our heritage.
Dan St Hilaire	Concord, NH	
Patricia Wallace	Concord, NH	
Beth Maltzie	Boscawen, NH	
Sam Durfee	Concord, NH	
Frank Muller	Concord, NH	
Clifton Below	Lebanon, NH	
Stephen Patterson	Dover, NH	
Steven Epstein	Manchester, NH	
Ottillie MacKinnon	Chichester, NH	These trails connect communities and help local businesses. We need to encourage infrastructure that does not encourage using fossil fuels and promotes a better quality of life. NH is an aging state and people like myself will continue to work well past typical retirement and want access to safe recreation. We could bike, walk, ski or snowshoe on these public trails.
Daniel Hynds	Hopkinton, NH	
Thomas Aspell	Concord, NH	
Judith Dickinson	Concord, NH	Please purchase this railroad right of way. This is a historic part of Concord - home of first European settlers and last home of Native Americans - it should be protected for many reasons in addition to the important Greenway railtrailcorridor.
Evan Mulholland	Concord, NH	
Lawrence Morgan	Concord, NH	
Maura Adams	Penacook, NH	Trails are SO important when creating strong communities in which people - especially younger people! - want to live! Please support this purchase.
Tim Farmer	Concord, NH	
Tomi Salzmann	Dunbarton, NH	
Shawn LaFrance	Concord, NH	
Jim Green	Dunbarton, NH	
Rudolph Bourget	Weare, NH	Please consider the interests of the people of NH who use these trails for fitness, recreation, socializing and just getting outdoors. These converted rail trails are especially important for we senior citizens who can no longer hike the mountain trails.
Kelly Ovitt Puc	Concord, NH	

I support the purchase of the recently abandoned railroad corridor between Boscawen and Concord and converting it to a rail trail.

Monique Scharlotte	Concord, NH	We have done several bike tours and have seen firsthand how beneficial paved multi-use trails are in other states such as MA, Montana and Ohio, not just for recreational uses but for commuters as well. The number of users on these paths has astounded us. A trail in Concord would no doubt benefit the community in many ways.
Joanne Davis	Concord, NH	As a bicyclist who has been riding the current Northern Rail Trail, I'm excited by the ability to extend it to Concord. I know I'm not alone because the current trail is widely used.
Kenneth Lurvey	Concord, NH	
Kim Murdoch	Concord, NH	
Laura Aibel	Concord, NH

Claudia Altemus	Concord, NH	Green ways of all sorts make the quality of life better for all. Access to nature helps us understand our connection to it.
Ellen Kolb	Merrimack, NH	
Deirdre Brotherson	Concord, NH	I live along this corridor. It is beautiful, it would provide a safe route for children, teens, and adults to walk/bike to downtown Concord. It also offers a safe connection to the bike trail in Boscawen which I also use often. This opportunity should not be overlooked by anyone - it will offer opportunity to downtown business and tourism. It also is ripe for some historical education as is done along the Boscawen trail. Please do not let this go to private sale!
John Varrill	Concord, NH	
Dean Williams	Concord, NH	
Barbara Lemieux	Concord, NH	It would be such a huge advantage to have a paved trail close to home!
Kieth Cota	Epsom, NH	
Patrice Rasche	Canterbury, NH	
Karen Ducharme	Concord, NH	
James Vayo	Nashua, NH	Rail trails provide excellent opportunity for healthy outdoor activities which also boost local Economic activity and tourism spending. Please consider adding this trail to New Hampshire's great collection of our door assets!
Scott Maltzie	Boscawen, NH	
Shelby Brown	Hooksett, NH	
Barbara MacRae	(Not Stated), (Not Stated)	
Deb Young	Richmond, VA	I've seen first hand how a rail trail can dramatically impact a region in a positive way. I'm originally from Pittsburgh, PA and the Great Allegheny Passage has been a game changer for a very depressed region. Now I live in Richmond, VA and the Virginia Capital Trail, which opened in October 2015, exceeded expectations in its very first year. I plan rail trail bike tours through my company, Road-Tested Bike Tours, and find that more and more people want to experience a region safely on two wheels. Please take advantage of this wonderful opportunity!
Kevin Gagne	Bedford, NH	
David Ross	Concord, NH	I support the purchase of this property and the development of a recreational corridor through the area.
Craig Tufts	Concord, NH	
Liona Pennington	Concord, NH	
Marion Pierce	North Port, FL	
Audrey Knight	Hopkinton, NH	
Dave Topham	Salem, NH	As an avid cyclist and supporter of rail trails, I urge the State of NH and City of Concord to work together to purchase this section and build the trail which will extend the Northern Rail Trail and part of the Granite State Rail Trail covering 115 miles from Salem to Lebanon -- and that is about 60% completed today!

I support the purchase of the recently abandoned railroad corridor between Boscawen and Concord and converting it to a rail trail.

Kevin Coates	Concord, NH	I currently utilize the Northern Section of the Rail Trail and feel it would in the Community's interest for the Rail Trail to be purchased. The Northern Section sees families both biking and walking together. I am a Resident of Penacook and a Veteran and believe this would bring a positive impact on our Community. Thank you, Kevin Coates
Kimberley LaBombard	Concord, NH	
Megan Fleming	Boscawen, NH	It would be so wonderful to have the rail trail connect to the Northern Trail near where we live in Boscawen. The current Northern Trail provides a safe, enjoyable place for our whole family to get out in nature and exercise. My husband works in Concord and frequently bicycles to work three seasons of the year. Buying and converting this Trail would add beauty, security and safety to his ride as well as provide many other community members access to Concord who might be too reluctant to walk or ride on busy roads.

Andrew Crowley	Concord, NH	I've been a Concord resident for almost 10 years. The city has done so many great things in the last few years to update its image and bring in a positive community vibe. Let this be another shining example, and let this project afford more opportunities for folks in Concord and from elsewhere to see the beauty of Concord in places outside of downtown. This is an important and worthwhile endeavor.
Richard Caron	Nashua, NH	seize this opportunity!
Andrew Morency	Salisbury, NH

Cars travel 50 mph in a 30 mph in densely populated residential areas with no sidewalks and no shoulders. This is creating a generation of children who do not and can not safely learn to cycle. Rail trails are nice and I fully support them but fear they will force cyclist to only rail trails for their own safety. Come on NH we are better than this! Support safe cycling. Support rail trails. Support bike lanes. It NOT ALL about the oversized truck/ SUV!!

Ken Leonard	Derry, NH	As NH widens I93, we need to widen the State's support of other forms of transportation, including the Granite State Rail Trail and bike-ped facilities in Concord and to the south, such as the Exit 4A area in Derry-Londonderry. NH does great by the auto, but when I cannot ride my bicycle or walk safely through my NH neighborhood, that to me indicates too much of an imbalance. We can do better. Let's make good by our local residents with bike-ped facilities for transportation, recreation, and health, and let's throw the welcome mat out there for tourists who come to see our treasures and trails throughout the State! Completing the Granite State Rail Trail will be a large step of many NH can take to create transportation parity within our beautiful State.

Joan O'Mahoney	Pembroke, NH	
Kari Canfield	Webster, NH	
Sue Ann Erb	Canterbury, NH	No better use for this than converting it to a rail trail for bikes and pedestrians
Edward Mylod	Concord, NH	
Kate Fleming	Concord, NH	
Ashley Bureau	New Hampton, NH	We need talks like this to become a priority in this state, we need to give much more thought to bike traffic and outdoor exercise opportunities in our communities. I support this rail trail as a MUTI-use trail though - keeping the rails in place like Cooton Wood Trail in Wolfeboro, so the rails can still be used and appreciated.

I support the purchase of the recently abandoned railroad corridor between Boscawen and Concord and converting it to a rail trail.
