The Honorable Mayor Jim Boulay  
And members of the Concord, New Hampshire  
City Council  
C/O the City Clerk's Office  
41 Green Street  
Concord, NH 03301

Gentlemen:

I am writing to request that the council reconsider its requirement for creating an account and password protection of the information stored by Vision Government Solutions. It is my understanding that this requirement was imposed by the Concord City Council.

Assessing and ownership information is part of the public record and there should be no impediment to accessing public data. While the barrier may be easily breached, it is a barrier none the less.

Please authorize Vision Government Solutions to remove this account requirement to allow unfettered access to information paid for by the taxpayers.
