Subject: Submission of additional petition signatures requesting the burial of the proposed Northern Pass/Eversource power lines

Dear City Council Northern Pass/Eversource Subcommittee Members,

Submitted herewith is a list of an additional 170 signatures of petitioners that are requesting the proposed Northern Pass/Eversource power lines be buried if they are to be traveling through the city. It should be noted these 170 signatures are in addition to the 494 signatures that were previously submitted, bringing the total to 664 signatures requesting the burial of the proposed lines.

Thank you very much for the work the subcommittee has done on this project and for listening to all of the complaints and concerns voiced by the citizens of Concord.

Sincerely,

Susan and Lynn Woodard

13 Edward Drive

Concord

We support burying the Northern Pass transmission lines thru the entire state but especially thru Concord where they will be in close proximity to many homes.
