**Subject:** termination of Roadway Maintenance

Dear City of Concord:

As homeowners of 19 Island Rd, in Penacook NH, we are very concerned about the upcoming decisions about not maintaining our road. There are several homeowners that are elderly on this street, ourselves included. We believe that this termination of services will put lives in jeopardy. The fire department and ambulance services must be able to get to the homes. This is especially important in the winter, when health and safety issues expand. History backs the need for continued service to this road. As a homeowner, tax payer, and voter, we ask that we receive at the very least an "emergency lane" status. People on this road are not capable of shoveling themselves out.

Thank you for your attention;
