Hi Janice:

Can we still get this on our July 9 agenda as a referral?

Byron

Hi Byron,

I'm finally getting a chance to catch up on my "neglected to do list"... Hope you are having a wonderful summer thus far.

I just wanted to remind you about the issue of excessive speed that continues between Centre and Washington Streets, especially during the hours from 7 to 8:30 am and 4 to 6 pm, but also other times too. We have small children living on the street and pets that are vulnerable. I bet the PD could make their quota in one sitting! A suggestion as to where they could sit in their vehicle, would be to back into the driveway at 74 Rumford St. or even my driveway at 70.

Thank you for caring and being a great advocate for Ward 4.
