Hi Janice:

Could you place this communication on the next City Council agenda for referral to committee?

Thanks!

Byron

Dear Byron,

I am a Concord resident living on Pearl St.

I would like to call your attention to a serious issue at the intersection of Pearl St and N State St. Turning from Pearl St onto N State, in either direction, is seriously hampered by the cars parked along the east side of N State. Visibility of oncoming traffic is significantly diminished and this has caused numerous accidents.

Today, I can within feet of being T- boned as I attempted to pull out - having limited visibility and seeing no cars, I crept out only to have a car come zooming down N State. Fortunately we were both able to stop in time.

I have reported this to a police officer who said I must contact my councilman.

Please look into this issue before there is a more serious accident

Thank you.
