Re: Library: Live Music on the Lawn Series

Dear Members of the City Council,

Last summer the Library conducted a summer concert series entitled “Live Music on the Lawn”, that was held on the grounds of the Library. The concerts were well received by the community and we’d like to grow the event a little bit this summer by adding some food vendors and making it safer for more families to attend by closing a section of Prince Street. We received a grant from the Library Foundation for these concerts that also includes hiring a police officer for the duration of each event.

Can we close the section of Prince Street, 4-9pm, from the Green Street intersection to the City Auditorium and Library parking lot? We have spoken to the City Auditorium to find dates that didn’t overlap with programming. There are four weeknight evening dates that the concerts are planned and they are: Tuesday June 16th, Tuesday June 30th, Wednesday July 29th, and Tuesday August 11th.

Please let me know if you have any questions.
Thanks.

Sincerely,

Todd Fabian
Director
Concord Public Library
