

CITY OF CONCORD

New Hampshire's Main Street™

FIRE DEPARTMENT

REPORT TO MAYOR AND THE CITY COUNCIL

FROM: Guy Newbery, Interim Fire Chief

DATE: April 21, 2020

SUBJECT: Report from the Interim Fire Chief on an Application for a Grant Funding Opportunity from the New Hampshire Department of Safety for Critical Infrastructure Protection and Emergency Operations Center Support Equipment

Recommendation

The Fire Department requests that the City Council accept this report.

Background

The City received notification from the New Hampshire Department of Safety of the availability of \$120,000 in grant funding to address critical infrastructure protection needs and the acquisition of emergency operations center support equipment. The City of Concord's Local Emergency Operations Plan identifies the Fire Department Training Facility as the primary emergency operations center. This grant would allow the Fire Department Training Facility to fully support this mission.

Discussion

An in-kind match is required for this grant. This in-kind match is being provided through the construction costs of the Fire Department Training Facility.

The Fire Department will advise the City Council of any notifications of grant funding awards.
