End of Consent Agenda

Public Hearings

- 24A. Ordinance amending the Code of Ordinances, Title V, Administrative Code, Chapter 30, Administrative Code, Article 30-2, Municipal Departments, Section 30-2-20, Community Development Department; together with a report from the Deputy City Manager - Development and the Human Resources and Labor Relations Director.

Action: The public hearings for agenda items number 24A, 24B, and 24C were held in conjunction.

Deputy City Manager - Development Matt Walsh provided an overview of these three agenda items. He first discussed how in May 2023, the position of Community Development Specialist became vacant. This vacancy created the opportunity to restructure administrative support for the Community Development Department's Administration Division as well as help address administrative support needs for the Human Resources Department and City Manager's Office with the creation of a new position, the Administrative Coordinator. This position will support the Community Development Department three days per week and the Human Resources Department two days per week. Hours will be flexed to accommodate the needs of the City Manager's Office and the Human Resources Department.

Next, Deputy City Manager - Development Walsh described the proposed change in the administration and enforcement of the City's Zoning Ordinance from the Code Administration division of Community Development to the Planning division of Community Development. The Code Administrator's job description will be modified to remove responsibilities related to zoning administration and enforcement, and the Zoning Administrator position will be eliminated and replaced by the position of "Assistant City Planner - Zoning." The current Assistant City Planner position will be reclassified as the Assistant City Planner - Planning. Also as part of the reorganization, the Code Inspector position will be eliminated and

replaced with the position of “Planning and Zoning Inspector” which will remain a part-time position of 20 hours per week and report to the Assistant City Planner - Zoning. These proposed changes will centralize the preparation, interpretation, administration, and enforcement of the Zoning Ordinance into a single office. Therefore, the same office will also staff both the Zoning Board of Adjustment and Planning Board.

Lastly, Deputy City Manager - Development Walsh provided an overview of the change in staffing of the Conservation Commission - Tree Subcommittee to the Director of Special Projects and Strategic Initiatives.

City Manager Aspell noted that there is no additional cost associated with the proposed changes.

Discussion followed regarding changes for customers who, if the changes are approved, will visit Planning located on the third floor of City Hall for zoning related items.

Mayor Champlin opened the public hearing.

Dan Williams, a Concord resident, asked members of City Council if meeting minutes between City staff and the Concord School District Superintendent will be available.

There being no further public testimony, Mayor Champlin declared the hearing closed.

- 24B. Ordinance amending the Code of Ordinances, Title V, Administrative Code; Chapter 35, Classification and Compensation Plan, Schedule D of Article 35-2, Class Specification Index; together with a report from the Deputy City Manager - Development and the Human Resources and Labor Relations Director.

Action: The public hearings for agenda items number 24A, 24B, and 24C were held in conjunction.

- 24C. Ordinance amending the Code of Ordinances, Title IV, Zoning Code; Chapter 28, Zoning Ordinance; together with a report from the Deputy City Manager - Development and the Human Resources and Labor Relations Director.

Action: The public hearings for agenda items number 24A, 24B, and 24C were held in conjunction.

- 24D. Resolution authorizing the City Manager to submit an application in an amount of up to \$25,000, appropriating the sum of \$25,000 to conduct a planning and feasibility study concerning a potential new shared facility for 603 Legal Aid, the Disability Rights Center-New Hampshire, and New Hampshire Legal Assistance, and accepting the sum of \$25,000 in Community Development Block Grant funds for this purpose; together with a report from the Assistant Director of Community Development.

Action: The public hearings for agenda items number 24D and 24E were held in conjunction.

Assistant Community Development Director Timothy Thompson read the following into the record for agenda item number 24D: "Community Development Block Grant funds are available to municipalities through the NH Community Development Finance Authority. Up to \$500,000 annually is available for economic development projects, up to \$500,000 for public facility projects, up to \$500,000 for housing projects, and up to \$500,000 for emergency activities. Up to \$25,000 is available per planning study grant. All projects must directly benefit a majority of low- and moderate-income persons.

This is a proposed application to the Community Development Finance Authority for up to \$25,000 in CDBG Planning Study Funds. Of the grant funds, up to \$3,500 will be retained by the City for administrative costs associated with the project, up to \$21,500 of the funds will be subgranted to New Hampshire Legal Assistance (NHLA) for a project with 603 Legal Aid (603LA), Disability Rights Center-New Hampshire (DRC-NH), and NHLA, NH's three civil legal services nonprofit law firms serving low-income households, people with disabilities, and older adults. These three statewide agencies are considering headquartering in a single location, which would be a new community hub for civil legal services called the Community Justice Center, in Concord to better coordinate and complement services. The CDBG Planning Study funds would finance an architectural/engineering study to look at various potential properties and determine renovation costs. In addition, the study will examine the potential for a new building and the construction costs of that option."

Assistant Community Development Director Thompson read the following into the record for agenda item number 24E: "This plan outlines measures, under the Uniform Relocation Act, required for CDBG projects that involve any displacement or relocation of persons (or businesses), if the City were to undertake a CDBG project which involved displacement or relocation they would follow this

plan. The plan outlines the measures they would take to find comparable, suitable housing for persons (or businesses) displaced or relocated. No displacement or relocation is anticipated as this is a Planning Study."

These associations are classified as non-profit organizations. The tax exemption status of the future property is to be determined.

Mayor Champlin opened the public hearing.

Roy Schweiker stated he has two objections to the item at hand. Mr. Schweiker declared his opinion that the non-profits serve individuals statewide and prefers that the grant be for services rendered to Concord residents only. He also declared his opinion that grants should focus on generating affordable housing and discussed the idea of a campground.

There being no further public testimony, Mayor Champlin declared the hearing closed.

- 24E. Resolution adopting an Anti-Displacement and Relocation Policy Statement and Procedures in support of the City's Community Development Block Grant application to the New Hampshire Community Development Finance Authority to support the Community Justice Center's site analyses of potential buildings and/or land for development, and acquire preliminary architectural and engineering designs and cost estimates; together with a report from the Assistant Director of Community Development.

Action: The public hearings for agenda items number 24D and 24E were held in conjunction.

- 24F. Ordinance amending the Code of Ordinances; Title IV, Zoning Code; Chapter 28, Article 28-2-4 Allowable Principal and Accessory Uses in Zoning Districts, Article 28-5, Supplemental Standards and Glossary; together with a report from the Assistant Director of Community Development. (Revised Ordinance and reports submitted.)

Action: Assistant Community Development Director Thompson provided an overview of this item.

The Concord Planning Board reviewed the Zoning Ordinance amendments referred in February 2024 to address the City's regulatory framework regarding charitable gaming facilities, or casinos. The Planning Board held a public hearing on the

proposed amendments in May 2024. Following public testimony, the Board recommends that City Council adopt the revised amendments. The terms of the revised Ordinance prohibit casinos/gaming facilities from being located in any zoning district as a principal use, but would permit accessory charitable gaming on a property located in the Urban Commercial, Civic Performance, Institutional, Industrial, and Urban Transitional Districts with new supplemental standards. These supplemental standards are intended to allow for occasional events to take place but not a full-time casino/gaming operation. Facilities with approval prior to this will be able to continue.

Assistant Community Development Director Thompson explained that the number of events allowed in the proposed amendment follows the New Hampshire state law regarding charitable gaming which is ten events per charity. This is not limiting to ten days per year.

Discussion followed regarding why specific districts are selected for accessory use and Assistant Community Development Director Thompson explained that this is where charitable and religious organizations are primarily located.

Mayor Champlin opened the public hearing.

Roy Schweiker expressed his disagreement with the allowance of ten days per year per charity and preference for ten days per year per location.

Assistant Community Development Director Thompson clarified that the limit in the proposed ordinance is actually ten days per property per year.

Steve Winnett, a Ward Five resident, expressed his opinion that this may allow for a large quantity of gambling. Mr. Winnett also declared his opinion that if any location within the allowable districts may offer gaming, there may be a large volume of gambling. Mr. Winnett also expressed his opinion that more publicity regarding the hearing and more opportunity to hear from the public should occur before a vote.

John Cronin, an attorney from Manchester attending on behalf of a client, expressed his opinion that the City may run into difficulties by limiting charitable gaming to accessory uses. Mr. Cronin also discussed the amount of money raised statewide through charitable gaming and asked that members of City Council consider allowing principal use.

There being no further public testimony, Mayor Champlin declared the hearing closed.

Public Hearing Action

25. Ordinance amending the Code of Ordinances, Title V, Administrative Code, Chapter 30, Administrative Code, Article 30-2, Municipal Departments, Section 30-2-20, Community Development Department; together with a report from the Deputy City Manager - Development and the Human Resources and Labor Relations Director.

Action: Councilor Kretovic moved approval. The motion was duly seconded.

Councilor Brown asked how Planning will work with the Concord School Board.

City Manager Aspell explained that under New Hampshire state law, the School Board or any other entity is required to come before the Planning Board with a submittal. The Planning Board would then review the submittal and hold a public hearing. City staff, currently and in the future if the motion passes, reviews and makes recommendations to the Planning Board. The Planning Board then makes recommendations to the submitting entity.

Discussion followed regarding how the School Board functions as its own developer and is treated as any other entity. Discussion followed regarding how the School Board has not sought permission to act outside of any guidelines currently.

More discussion followed regarding how the item at hand will increase customer service for the public.

Councilor Kretovic's motion passed with no dissenting votes.

26. Ordinance amending the Code of Ordinances, Title V, Administrative Code; Chapter 35, Classification and Compensation Plan, Schedule D of Article 35-2, Class Specification Index; together with a report from the Deputy City Manager - Development and the Human Resources and Labor Relations Director.

Action: Councilor Kretovic moved approval. The motion was duly seconded and passed with no dissenting votes.

27. Ordinance amending the Code of Ordinances, Title IV, Zoning Code; Chapter 28,

Zoning Ordinance; together with a report from the Deputy City Manager - Development and the Human Resources and Labor Relations Director.

Action: Councilor Kretovic moved approval. The motion was duly seconded and passed with no dissenting votes.

28. Resolution authorizing the City Manager to submit an application in an amount of up to \$25,000, appropriating the sum of \$25,000 to conduct a planning and feasibility study concerning a potential new shared facility for 603 Legal Aid, the Disability Rights Center-New Hampshire, and New Hampshire Legal Assistance, and accepting the sum of \$25,000 in Community Development Block Grant funds for this purpose; together with a report from the Assistant Director of Community Development.

Action: Councilor Kretovic moved approval. The motion was duly seconded.

General discussion followed regarding support of the item at hand as well as discussion regarding Concord's commercial properties.

Councilor Brown asked that reports be provided by these organizations regarding the amount of clients served who are Concord residents.

Councilor Kretovic's motion passed with no dissenting votes.

29. Resolution adopting an Anti-Displacement and Relocation Policy Statement and Procedures in support of the City's Community Development Block Grant application to the New Hampshire Community Development Finance Authority to support the Community Justice Center's site analyses of potential buildings and/or land for development, and acquire preliminary architectural and engineering designs and cost estimates; together with a report from the Assistant Director of Community Development.

Action: Councilor Kretovic moved approval. The motion was duly seconded and passed with no dissenting votes.

30. Ordinance amending the Code of Ordinances; Title IV, Zoning Code; Chapter 28, Article 28-2-4 Allowable Principal and Accessory Uses in Zoning Districts, Article 28-5, Supplemental Standards and Glossary; together with a report from the Assistant Director of Community Development. (Revised Ordinance and reports submitted.)

Action: Councilor Foote moved approval. The motion was duly seconded.

Councilor Fennessy requested the item be tabled until further input is received from the public and also because of his concern with the item as is currently written.

Further discussion followed for clarification by City Solicitor Danielle Pacik and Assistant Community Development Director Thompson regarding licensing of "operators" by the New Hampshire Lottery Commission for a commercial restaurant to host charitable gaming. The gaming could be hosted, per the item at hand, ten times per year.

Assistant Community Development Director Thompson explained that currently, charitable gaming is defined under commercial recreation which is allowed in six different zoning districts. To date, those within the proper districts may have applied for proper licensing as principal use. In the item at hand, use is being reduced to accessory use. Entities not owned by charitable organizations, such as restaurants, have numerous requirements in order to host gaming.

Councilor Fennessy asked City Solicitor Pacik if there are other principal or accessory uses that are limited by duration per ordinance.

City Solicitor Pacik explained she did not see other uses limited within the ordinance's supplemental standards.

Councilor Kretovic asked Assistant Community Development Director Thompson if it would be wise to add a sunset date that may be potentially missed in a master plan and have to be extended.

Assistant Community Development Director Thompson explained that in his experience the sunset dates are typically meaningless as they are often extended or revised.

Councilor Brown asked what occurs for an entity pursuing charitable gaming if this item is tabled.

Assistant Community Development Director Thompson explained that in regards to posted Zoning Ordinances, New Hampshire state law allows the current posted language to be in effect until the governing body rejects or accepts the posted item.

City Manager Aspell explained that the item at hand will allow charitable gaming, which has occurred for a number of years in the community, to continue while

excluding casinos from opening in the community. City Manager Aspell further explained that if members of City Council wish to restrict charitable gaming more, then members of City Council will want to do something different.

Councilor Brown moved to table the item at hand for one month in order to for more opportunity for public testimony. The motion was duly seconded.

Councilor Fennessy suggested amending Councilor Brown's motion to two months. Councilor Brown agreed.

Councilor Grady Sexton recused because she works for a charitable organization who may potentially benefit from charitable gaming.

Councilor Fennessy expressed his concern that the item at hand would tie permitted use of a property to a duration of days.

Councilor Schultz discussed the regulations of process of being licensed as an "operator," and is eager to see the item at hand resolved more quickly.

Councilor Todd reminded members of City Council that residents did not want to expand Keno in previous years. Councilor Todd expressed that the item at hand allows charitable fundraising for non-profits, that he would be concerned to limit that ability, and that the primary purpose is to limit the expanse of gambling through casino operations.

Councilor Kretovic discussed the number of organizations that rely on charitable gaming and added that she does not believe delaying this item is beneficial.

Mayor Champlin stated he will be opposing the motion to table the item at hand and discussed how the item was first posted in February 2024 and has gone through the process with Planning Board. Mayor Champlin noted that the item at hand does not shut the door on existing casinos or proposals, it does prevent a proliferation of casinos in other parts of the City.

Councilor Brown's motion to table the item at hand until September failed in a voice vote.

Councilor Foote's motion to approve the item at hand passed with no dissenting votes.
