Hi John!

Just wanted to say thank you! The event was incredibly successful and everyone loved being at White Park, it was so clean and we had a great layout for the trucks and tables for folks to eat on.

Stay well!

I must take the time to thank Mike Hebert for his concern and help. My husband is handicapped and we plan to attend the Derryfield Concord Christian academy baseball game tomorrow at Centerpoint field. I needed help getting my husband closer to the field and Mike Hebert was extremely cordial and helpful. He contacted Concord Christian Academy, who then called me with help for tomorrow's game. Many kudos to Mark Hebert who must be a very valuable member of the Concord fire department. I hope you recognize and thank him from us... Jack and Andrea Coleman at 603-2799864. He's a true public servant and we appreciate him ! Thank you.

Captain,

I wanted to drop you a note to express my thankfulness and gratitude for the members of the Manor Station. On 4 May 2023 around 1515 hours your team responded to my home where I had a vein in my ankle rupture and bleeding pretty seriously.

The professionalism, humor, dedication was the best I have ever seen. As a retired Police Chief and current active duty member with the NH Guard I often interact with emergency services and your crew is amongst the best if not the best!

Not only did they provide the medical attention I needed, but they cleaned up the area I had bled onto, brought in packages that had been delivered on the porch, offered to come back and assist me and my wife if we needed it.

Absolutely Incredible team of Emergency Responders!!

Thank you again.

Hello Mr. Major,

My wife and I live at 8 Steeple View in Penacook. For the past few weeks we have had our road rebuilt. Just recently we found out that your field representative is Fred. During the grading process I was home for those two days. The first day I was home I was throwing some stuff out my third floor window into a dumpster on my property and Fred drove up and he introduced himself in his own style. After we went on for a while we laughed so hard and we felt that you should know how great it is to see someone that thoroughly enjoys his job and with the utmost professionalism. Fred is a great asset to the city and he has the knowledge that shows he can think on his feet and make the best decisions in the interest of the people you all take care of (us asshole taxpayers) lol. Thank you for taking the time to read this and tell Fred never lose that sense of humor.

Sincerely,

Jim and Tammy Hynds

Our brand new street. First coat in place. The water shutoff was replaced yesterday, too. They lifted the bulbs and managed to miss the weigela. They even offered to replant everything but Jan did that herself. I don't know how well the bulbs will do but we appreciate the effort.
