

CITY OF CONCORD

New Hampshire's Main Street™

REPORT TO MAYOR AND THE CITY COUNCIL

FROM: Jonathan Rice, Director of Assessing

DATE: February 19, 2026

SUBJECT: Report of the Tax Exemption Policy Committee on revisions to the existing Elderly Exemption income thresholds and various Veteran Credit amounts.

Recommendation

Accept this report and set public hearings for adoption of the Tax Exemption Policy Committee's recommendations to increase the current elderly income thresholds and increase to the optional Veterans', All-Veterans', and service-connected permanent and optional totally disabled veteran tax credit amounts. Accept their recommendation to not make changes to the blind exemption or elderly exemption asset amounts.

Background

The Tax Exemption Policy Committee met on February 5, 2026 and reviewed information submitted to them by the Director of Assessing regarding the existing exemption amounts for the elderly and blind exemptions, the existing income and asset thresholds for the elderly exemption, and the existing Veteran tax credits. A spreadsheet depicting the same information regarding the elderly, blind and various Veteran credits that thirteen other communities have adopted was provided for comparison with those presently adopted by the City.

The current exemption and credit criteria and reductions are explained and outlined below:

Exemptions:

Exemptions are deductions from assessed values prior to calculating property taxes. For example, if the final assessment is \$275,000 and a property owner is eligible for the \$131,000 elderly exemption the tax bill would be calculated as follows:

\$275,000 Assessed Valuation
<u>-\$131,000 Elderly Exemption Amount</u>
\$144,000 /\$1,000 = 144.00 x \$29.11 tax rate = \$4,191.84

Elderly: Presently, the asset level for both single and married applicants is \$150,000 (not including the value of the applicant's primary residence). The current income thresholds are single: \$44,100 and married: \$63,000. The exemption amounts are: Ages 65-74/\$80,000; Ages 75-79/\$131,000 and Ages 80 and older/\$223,000.

The Tax Exemption Policy Committee recommended to increase income levels from \$44,100 to \$45,500 for single applicants and from \$63,000 to \$64,000 for married applicants.

Recommendations for the exemption amounts will be discussed at future Tax Exemption Policy Committee meeting.

Blind: Presently, the exemption amount for Blind Exemption is \$125,000. No Change.

Credits:

Credits are deducted from the calculated tax bill. In the example shown earlier if the property owner is eligible for the veteran's tax credit of \$400.00 the final tax bill would be:

\$4,191.84	Tax bill after elderly exemption
<u>-\$ 400.00</u>	Veterans' tax credit deduction
\$3,791.84	Final tax bill

Veterans' Tax Credit and All Veterans' Tax Credit: The Tax Exemption Policy Committee recommend increasing the Optional Veterans' Tax Credit and All Veterans' Tax Credit from \$400 to \$500. Optional Veterans' Tax Credit and All Veterans' Tax Credit must match credit amounts per RSA 72:28-b.

Service-Connected Permanent and Totally Disabled Veterans' Tax Credit: The Tax Exemption Policy Committee recommend increasing the Service-Connected Permanent and Totally Disabled Veterans' Tax Credit from \$2,000 to \$2,500.

No other changes were recommended.
