Re: Roads Scholar Program

Dear Sirs and Madams:

It is our pleasure to inform you that Adam Barnard has achieved the status of **Roads Scholar One**. The T<sup>2</sup> Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Roads Scholar One is the **first achievement level** of the six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 25 contact hours, at the learner's discretion. The typical training session yields five hours of contact, therefore an individual must typically attend **five one-day workshops** to reach the level Adam has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Adam has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,

Amy Begnoche  
LTAP Director
