

CITY OF CONCORD

New Hampshire's Main Street™

REPORT TO THE MAYOR AND CITY COUNCIL

FROM: Airport Advisory Committee

DATE: December 21, 2016

SUBJECT: Runway 5K/Aviation Awareness Day 2017

Recommendation

Accept this report recommending that City Council authorize the use of the Concord Municipal Airport for the annual Aviation Awareness Day/Runway 5K on October 21, 2017.

Background

In 2015, the Concord Municipal Airport hosted its first Runway 5K and Aviation Awareness Day. The event was repeated in 2016 and has become a great opportunity for the community to learn about aviation, view our airport firsthand and have a fun and healthy experience.

Discussion

Council's authorization, at this point, would allow the organizers to finalize event details and seek sponsors in preparation for the event in the fall.
