Hi David,

Yesterday went really well - Our biggest and best Festival to date! Thank you for everything you and the staff did to make it a success. John is always pleasant to work with, and Lora is a delight every time we are there for meetings. Jerry (?) was super helpful during the day, too.

Moving to Keach Park is definitely the best decision we've made. Thank you for being so accommodating!

With gratitude,

Jessica Livingston

Denise and I are planning a landscaping project for our Farmwood Road property. We contacted the planning board and engineering department for guidance. David and Jennifer could not have been more helpful. David helped me through the entire process, enduring my steady stream of emails and phone calls. When Denise completed the permit application we hand delivered it to the engineering department. Jennifer informed us that the app must be completed online. She allowed Denise to use her computer to complete the application and walked her through the entire process. Beth in the planning department was equally helpful explaining in detail the requirements needed to complete the process. Kudos to all of you.

Denise and Jim Rogers.
