Ward 1 - Elm street safety issue

Dear Mayor Bouley,

I am contacting your office to bring to your attention an ever growing safety concern on Ward 1- Elm street, specifically around **242 Elm street**. Speed being the most common reason individuals lose control around the blind curves and crash, often times, at the end of my driveway.

In the past several years numerous accidents have occurred in this particular **section** of Elm Street. No doubt the Concord Police Department can confirm the high volume of accidents it has attended on Elm Street.

* I have had my mail box wiped out 6 times (the most recent was on 7/30/21) that young man is in the hospital.

* I have had my vehicle rear ended

* I have seen 2 flip overs

* one death

* this does not include all the accidents that are not reported, those that can drive away or get towed away - do

I am bringing this to your attention in hopes that the situation will be reviewed by the appropriate individuals if at all possible.

I am hoping some type of action can be considered to address this problem (maybe save a life)

Please feel free to contact me by phone or email.

Thank you for your time

Sincerely,

Dawn Pollinger

242 Elm Street

Penacook, NH 03303
