Date: March 25, 2024

Subject: Collecting Resident Information for Beaver Meadow Golf Course

Recommendation:

Golf Course Advisory recommends that the City Council authorize the Beaver Meadow Golf Course to collect Resident information from Season Passholders and Residents that want to participate in the Resident Advanced Tee Time Program.

Background and Discussion:

During the March Golf Course Advisory Committee meeting, the topic of collecting resident information for Season Pass Holders (Memberships) was discussed. The committee believes that it is in the City's best interest to collect this information moving forward. The committee recommends that the City allow residents who register with the Golf Course an opportunity for 6-day advanced tee times. Currently, Passholders receive 7-day advanced tee times and General Public 5-day advanced tee times.
