To Whom It May Concern;

I am asking the City Council to please address the parking issue at the Pitman Building. I do not understand how the City of Concord allowed this building to lose its parking spaces; when there are at least 25 agencies providing outreach to the Pitman residents. The Courthouse and TD bank border this building and have tow notices everywhere.

If you need to have it documented, whom and when caregivers are going in, I would be happy to gather that information. Please put this on the agenda, as winter is approaching. All these agencies are on a strict work schedule and cannot be looking for a parking space in the snow and then try to get to the apt. in a timely fashion. None of this makes sense for good care.

Please let me know if this is not doable, thank-you, Teresa Bryant

Subject: RE: Parking spaces

Our staff also has had difficulty parking in the area. The City of Concord is responsible for all the public parking in the City. We have communicated our concerns for months. Maybe the caregivers can start calling and see if they are any more effective. In the meantime we are not enforcing parking in front on the building. The Parking Enforcement telephone is

225-8640.

Subject: Parking spaces

Dear Mr. Hoyt,

My name is Teresa Bryant and I am a case manager at Granite Case Management. I am writing on behalf of my four clients at the Pitman Building.

I don't need to belabor the point that parking is needed for the agencies that are providing outreach and care to the residents of the Pitman building.

There are at least 25 agencies providing some sort of outreach to the clients in that building. But the number of workers providing outreach per agency can be tripled. Nursing-CRVNA/Interim out of Manchester/Regency out of Manchester/Easter Seals/home health aids from Ascentria/GSIL/MAS/Child and Family/CAP office-meals on wheels/homemaking/Concord Homeless Shelter for support/Servicelink for innumerable services/social workers /case managers for continuity for services from Riverbend/ volunteers through the Friends Program/Disability Rights/Office of Public Guardian for budgeting.

I do not need to go on. As it becomes more difficult to provide outreach by parking two blocks away, we will see these agencies back off.....

Of all the buildings that need to be serviced, these clients are the most disenfranchised...seriously?...no more parking for care givers?..what is the mission of CHA. Please just put back the spaces that were taken away. I know this will not be an easy feat.

thank-you, Teresa Bryant
