---

Janice, Would you put the communication below from Gail Page on the August Council Agenda?

Thanks Linda

Hi Linda and Gail and Candace:

I agree. Might the best way be for one of us to forward to Janice for referral? Not sure which committee is the best. Possibly the Recreation and Parks Advisory Committee?

Thoughts?

B.

Hi Gail,  
Interesting ideas to consider. Not sure of the best way to get them on the Council agenda. Will confer with other Councilors.

Below is information I received in an email. It would be a terrific idea for any city/town but what do you think about it for Concord? This pertains to city events and events on city property, Perhaps this would NOT require state legislature involvement. But what happened to the plastic bag ban in the state legislature?

"Plastic mitigation work: Portsmouth City Council is currently reviewing a proposed ordinance to: place single-use disposable restrictions at all city events,

events on city property, and businesses on city property. Added to this proposed ordinance is a ban on styrofoam, city-wide. First Reading for this new ordinance is likely Aug. 12 then, Second Reading likely Sept. 3, unclear on date for the Third Reading" .

Please get back to me on this.

Gratefully,  
gGail Page
