REPORT TO CITY COUNCIL

FROM: Brian LeBrun, Deputy City Manager – Finance

DATE: August 23, 2019

SUBJECT: Supplemental Appropriation for Beaver Meadow Golf Course Consulting Services

Recommendation

Accept this report and approved the attached resolution as recommended by the Golf Course Advisory Committee.

Background and Discussion

For the 2019 golf season, the course experienced difficult conditions on several of the tee boxes that resulted in the need to install sod on holes #10, 11, 13 and 14.

At its meeting on August 8, The Golf Course Advisory Committee discussed ways to improve certain areas of the course, including but not limited to the affected tee boxes. The recommendation was to hire the USGA Course Consulting Services for a full day general assessment and tree evaluation.

This assessment is intended to make recommendations for course management, including tree maintenance/removal.

At its regular City Council meeting on August 12, the City Council noticed the attached resolution in the amount of \$7,100 for public hearing/action on the September 9 City Council meeting.

If approved, the General fund would transfer \$7,100 to the Golf Fund as a supplemental appropriation for the Fiscal Year 2020 budget for the stated purpose.
