Janice: Would you please put this request on the next City Council agenda for forwarding to the Transportation Advisory Committee for an assessment and recommendation?

Thanks.

Jim

Dear Jim Schlosser,

Hello I'm a long time resident on 2 Johnson Ave .I have an important request for a sidewalk to be put in from Wilson Ave to The Southender . We have many new residents with small children from kindergarten to 4th grade that live on my street and area . I know of children that belong to The Southender owner that walk to store after school along with kids on Ironworks Rd. Our school aged Children either have to cross South Street x2 if they want access a sidewalk to walk to school . That in itself is frightening! The other choice is to walk along road/ side of South Street to Wilson Ave where the sidewalk begins. South Street is becoming increasingly dangerous with "speeding " cars , trucks and overall increased traffic during school time and rush hour. Our children and grandchildren should be able to walk to school safely on a sidewalk .I hope this request gets things moving in that direction. Thank you so much for your time on this important matter.

Sincerely,

Maureen Page

2 Johnson Ave
