Mayor Bouley,

I would like to be considered for appointment to the City's Transportation Policy Advisory Committee. I have been a resident of Concord for the past 15 years and I would like assist the City in planning future transportation investments and I believe I have a perspective that would benefit our community.

Professionally, I am a transportation engineer with more than 20 years of experience in roadway and multi-modal design and planning, which brings a strong understanding of standards, policies, and competing interests related to infrastructure. In addition, my husband and I are raising three children in Concord and I am very interested in ensuring safety for all users, whether they are traveling in cars, by bike, or on foot.

Please let me know if you have any questions or need further information.

Thank you,
Nicole Fox
