Cars go by my house in the morning and in the evening doing 50 plus mph when the speed limit is 25. I've lived here for over 12 years and have complained numerous times and I still do not see cruisers all I see is a speed limit monitor which only lasts until it's taken down then it's right back to the same thing again. Somebody is going to die or get seriously injured the street is used heavily by walkers joggers bicyclists dog walkers you name it. I pay over \$10,000 in property taxes and would like to see something done before there's a serious incident. And I'll be glad to tell you my name is Alan Harris and my phone number is 603-748-8027. If the police sat at either end of cemetery Street at 7:00 to 8:00 in the morning or 5:00 to 6:00 in the evening they could write a lot of tickets
