Discussion

I am pleased to present to you the annual report of the Parks and Recreation Department for the calendar year 2024. Since 2022 we have been creating an annual report with the goal to showcase the tremendous value and impact of our department's operations on the community. Through this overview, we aim to shed light on our various activities, programs, usage statistics, and community involvement efforts.

We believe that by sharing this information, we can help our residents and elected officials gain a deeper understanding of how parks and recreation contribute positively to the well-being and quality of life in our community.
