

# CITY OF CONCORD

## REPORT TO MAYOR AND CITY COUNCIL

FROM: Beth Fenstermacher, Director of Special Projects & Strategic Initiatives, on behalf of the Energy & Environment Advisory Committee

DATE: July 30, 2024

SUBJECT: UNH Sustainability Fellow - Community Power Outreach Plan

### Recommendation:

Accept this report.

### Background:

For the third time since 2019, the City was selected to host a Fellow through the UNH Sustainability Institute Fellowship summer program. Jennifer Punsalang-Cloutier is a recent graduate of UNH, and has worked closely with the Energy & Environment Advisory Committee and the Community Power Coalition of NH to develop and implement an outreach program for the upcoming Community Power launch.

### Discussion:

Attached is the “task tracker” Ms. Punsalang-Cloutier created which outlines the components and timeline for the community engagement program, as well as a one-page informational handout she created.

Ms. Punsalang-Cloutier will provide additional information during her presentation to City Council.

Ms. Punsalang-Cloutier’s presentation is the final task in her workplan for the City before the end of the fellowship program. The Energy and Environment Committee, as well as City Administration, is grateful for all of her hard work, creativity, and professionalism throughout the summer.
