Thank you for your thoughtful comments Mr. Colby.  
May I share this with the City Clerk to be part of the public record on this issue?

Best regards.

Erle Pierce  
Ward 2 City Councilor.

Just want to share my opinion that I do not support any taxpayers money going to save the gas holder building. This building did nothing for Concord other than pollute the city air and ground. It is a building that reminds me of the damage it did to our air and ground.

It would be smarter, if we must, to build a replica building in another location. Who knows what is in the ground and how much it will cost to clean it up.

Thanks for listening.
