Janice: Could we add this to the referral to the Traffic Operations Committee on tomorrow's meeting agenda? It is a separate, and yet similar, request to the email (for a crosswalk on South St.) from Ms. Alexandra Stewart.

Thanks.

Jim

Hi Jim,

My name is Michael McClory. I live at 228 South St. With my wife and two daughters. We moved to South Street just about two years ago.

My daughters are five and three. I walk my five-year-old to kindergarten and back anytime the weather permits. My house is on the corner of Johnson and South Street where there is no sidewalk. Crossing the street to get to the sidewalk is somewhat treacherous. Cars do not slow down Nor expect pedestrian to be crossing in that area. There's just no Safeway to get to the sidewalk.

One of our neighbors also has a young girl in kindergarten And there is another child on the street. So there are four altogether (Plus the adults who are crossing the street to walk their dogs every day).

I believe someone has already reached out via some channel to request a crosswalk around Johnson Street. I don't know if this is the right avenue to do this, but I wanted to express my desire to have a crosswalk there as well. I know everyone on the street would be grateful. If there's some other way, I should be doing this please let me know. If there's some meeting, I have to go to to express my support. I would be happy to.

Best,

Michael McClory
