Revision 1:  
Revision 2:  
Revision 3:

**U.L. Listed**

Signs manufactured to U.L. specifications and bearing the U.L. Label(s) are intended for installation in accordance with the requirements of Article 600 of the National Electrical Code and/or other applicable local codes. This includes proper grounding and bonding of the sign.

**Electrical Circuits**

The customer is required to provide primary dedicated electrical circuits (s) with a separate ground connection to the electrical panel. LED Electronics require a separate dedicated 120V complete circuit (without sharing the neutral wire). A common ground connection to the electrical panel is acceptable.

**California Title 24 Compliant**

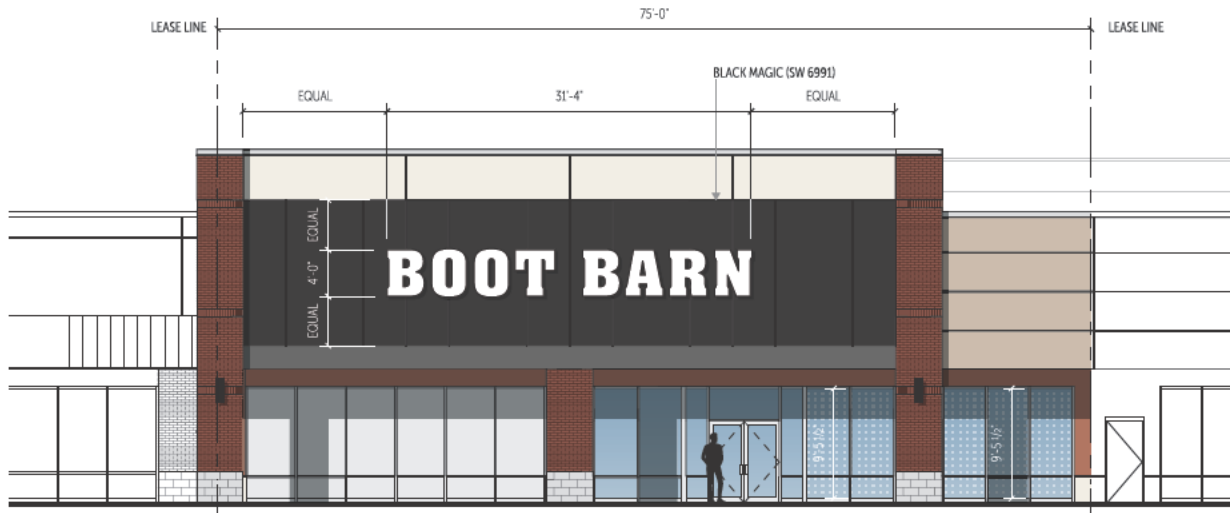

**Color Reference**

Actual color may vary from the on-screen representation or presentation material. To verify your color selections, please refer to a physical color chip, production sample, or Pantone® reference guides.
