

CITY OF CONCORD

REPORT TO MAYOR AND THE CITY COUNCIL

FROM: Earle M. Chesley P.E., General Services Director

DATE: March 18, 2022

SUBJECT: Unitil (NHSAVES) Energy Efficiency Incentive Grant

Recommendation

Accept this report authorizing the City Manager to accept \$11,820 in grant funds from Unitil as part of the NHSAVES energy efficiency incentive grant program and appropriate \$11,820 to the existing energy efficiency capital improvement project at the Combined Operations and Maintenance Facility (COMF) Complex, CIP #323 20COMFRPRS.

Background

The General Services Department requests City Council approval to authorize the City Manager to accept \$11,820 in grant funds from Unitil as part of the NHSAVES energy efficiency grant program. In addition, the Department requests the City Council appropriate \$11,820 to the existing energy efficiency capital improvement projects at the COMF Complex. The Unitil incentive program grant funds were anticipated by the Department and have offset approximately 25% of the cost of the recently completed LED lighting replacement project at the COMF. This lighting replacement project was completed as part of the Public Properties Division's ongoing energy efficiency initiative originally established and funded by the Council as part of the FY 2020 budget process. The Department requests that the NHSAVES grant funds in the amount of \$11,820 be reinvested into the Public Properties Division's CIP project fund to continue the work of reducing the energy usage at the City's properties.

Discussion

Accept this report authorizing the City Manager to accept \$11,820 in grant funds from Unitil as part of the NHSAVES energy efficiency grant program and appropriate \$11,820 to the existing energy efficiency capital improvement project to complete energy efficiency projects at the COMF Complex (CIP #323 20COMFRPRS)
