Dear Mr. Gill,

On behalf of the Concord School Board, I am pleased to report that last evening May 1st the board voted to support the request of \$70,950 for the purpose of developing a master plan and analysis of existing conditions at Memorial Field. This amount represents one/half of the district's commitment for the initial phase of the of the project.

The board members expressed appreciation for the collaboration between the city and the school department and we are ready and able to assist with this effort. They recognize this work will take time but look forward to participating at the hearings to provide public input.

Thank you for helping to make this happen and please do not hesitate to reach out to my office for any assistance you may need.

Best regards,
