Re: Beaver Meadow Golf Course Independent Auditor Financial Operations Review

Recommendation

Accept this report and recommendation from the City's independent auditors CBIZ for Beaver Meadow Golf Course Financial Operations Review.

Discussion

As an extension of the City's regular independent audit by CBIZ, City administration has been working with them to evaluate and make recommendations to improve financial controls within cash handling, revenue, tournaments and outings, inventory and golf pro lesson incentive payment process for the Beaver Meadow Golf Course to ensure they were working effectively.

City Administration and Beaver Meadow Golf Course concurs with the CBIZ recommendations and will work to complete them in the timeframes identified in the CBIZ report.
