Re: Roads Scholar Program

Dear Sirs and Madams:

It is our pleasure to inform you that Brian Deschenes has achieved the status of **Roads Scholar Two**. The T² Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Roads Scholar Two is the **second achievement level** of the six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 50 contact hours, which must include: 20 hours in technical areas, 5 hours in supervision, 5 hours in environmental, and 10 hours in safety. The additional 10 hours required for this level are at the learner's discretion. The typical training session yields five hours of contact, therefore an individual must typically attend **ten one-day workshops** to reach the level Brian has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Brian has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,

Amy Begnoche
LTAP Director

Re: Roads Scholar Program

Dear Sirs and Madams:

It is our pleasure to inform you that Marc Moore has achieved the status of **Roads Scholar One**. The T² Center has created the Roads Scholar Program to recognize various achievement levels in our educational program for people who work in public works.

Roads Scholar One is the **first achievement level** of the six levels in the Roads Scholar Program. It is distinguished from the other levels by requiring the completion of 25 contact hours, at the learner's discretion. The typical training session yields five hours of contact, therefore an individual must typically attend **five one-day workshops** to reach the level Marc has completed.

On behalf of the Technology Transfer Center, I am pleased to notify you of the extra effort and commitment that Marc has demonstrated in order to achieve this status. He deserves to be congratulated for his persistence and drive to maintain a leading edge in the field of local road maintenance and construction.

Sincerely,

Amy Begnoche
LTAP Director
