Janice--would you please place this issue on the next City Council agenda for referral to the Traffic Operations Committee for assessment and response.

Thanks.

Jim

Good morning Councilor Schlosser,

I am writing to you to have more emphasis brought to monitoring speed on Pillsbury St and South St. My name is Peter Osiecki and I am the homeowner, with my wife Sylvia, at 18 Gilmore St. The two stretches that need attention are South St between Clinton St and Rockingham Ave. The other is Pillsbury St between Broadway and South St. Noise related to increased speed is also a problem. And now that nicer weather is here, motorcycles, and cars with expanded muffler systems have changed the composure of this neighborhood.

I have brought this all to the attention of the police department over the years, and they have always accommodated some kind of monitoring. But I believe we need to have a more comprehensive action to lower speeds and related noise in our area. I saw from the town's website that you are on the public safety committee. Please bring this matter up as an agenda item.

As the homes in the southend continue to turn over to younger families with children, along with long time residents like myself, we require our streets to be safe and the associated laws enforced.

Thank you for your attention on this matter.

Peter Osiecki  
18 Gilmore St
