RE: Current use change tax quarterly update

4th Quarter 2016

Property owners who have 10 or more acres left in its natural state as forest land, unproductive land, wetlands, and farm land may apply for current use taxation. Property approved under current use is valued for property taxes as farm and forest land and not at market value. When the land is developed or falls below the 10 acres minimum, a one-time penalty of 10% of the market value of the land no longer in current use is assessed and billed to the property owner. The penalty is in addition to their regular property taxes. The money collected from the current use penalties, per an earlier City Council vote, is split 50/50 between the Conservation Trust Fund and the Highway Fund.

Eight current use penalties totaling \$167,800 were mailed during the fourth quarter of 2016.

\$56,600 in current use penalties was collected during the fourth quarter of 2016.

Attached is the list of pending accounts.
