Mayor James Bouley  
71 Warren Street  
Concord, NH 03301

Dear Mayor Bouley:

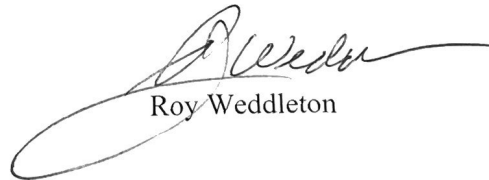

Last night, May 9, 2021, my home was rocked by a car accident right across the street. The person severely glanced a telephone pole (requiring its replacement) and continued on a couple of hundred feet somehow missing another telephone pole and crashed through the bushes into the yard that borders Mountain Road.

I explain this because it is not a surprising event to me ever since the street light was removed from the area about two years ago. Day or night you take your life in your hands to walk up the street to the former Eastman School. The road curves and yet there is no light even though there are street lights every few poles along the rest of Shawmut Street.

I am asking that the City arrange with UNITIL for a street light at or just West of the old Eastman School. It will save lives.

Please let me know of your decision.

Thank you

Roy Weddleton
