

CITY OF CONCORD

New Hampshire's Main Street™

REPORT TO MAYOR AND CITY COUNCIL

DATE: 17 March 2026
To: Mayor and City Council
From: Jeffrey K. Hoadley; General Services Director
Subject: Curbside Collection Rules

Recommendation

Acknowledge this report.

Background

As the City undertakes the pilot phase of its impending transition to automated curbside trash and recycling collection, the General Services Department has augmented its Curbside Collection Rules with rules that apply specifically to automated collection.

Discussion

In accordance with the Solid Waste Ordinance (Title 1, Chapter 5, Article 5-7), the General Services Director, serving as Administrator, is to issue rules and regulations as may be necessary to carry out and enforce the provisions of the Article. In doing so, the General Services Department has worked with the Solid Waste Advisory Committee in cataloging various aspects of program planning to date. The rules, as amended, are attached.

Cc Marco Philippon; General Services Deputy Director
Adam Clark; Administration Division Manager
