Hi Timothy & Janice-

Can I please have this referred to parking committee in August? I know I dropped the ball on this one. Thank you!

Good Afternoon;
we have a situation now that the City has removed to unpermitted parking on city property. Everything has moved to the street where there are at least 2 cars unregistered-not inspected- plus doing repairs on the street leaving oil etc on the street. Most of these vehicles belong at 204 Rumford St.
As a property tax payer for over 25 years we find this unacceptable and believe the city should take action.
Another question, what is going to happen this winter? Approximately 9 cars with no driveways to park these cars are going to create a snow removal problem .
All we are looking for is a return to the quiet neighborhood that it once was before the city took away off street parking that for over 20 was allowed.
one of the reasons we both voted for you was the former City Council person indicated you were the best person to represent this ward.
Feel free to contact us so that we can bring you up to date on what is happening on Rumford St.
