Deb,

Understanding that Janice is out of the office this week, can you put this on the August Agenda as requested by Councilor Kretovic and then we can finalize with Mayor Champlin next week.

Thanks,

Brian

Morning Your Honor,

With Ms. Murphy, please include this communication as a formal referral from City Council to the DEIJB committee, for the August Agenda..

Mr Gill will be joining us to talk about other park relayed items and we hope to cover this topic with us during his at his visit.

The email below from Project S.T.O R.Y regarding the inequity of bathroom and garbage cans in our parks.

Thank you,

Jennifer

Hello again, Jennifer,

This is a follow-up to my original email. Please see my original email first for clarity.

I was at Whites Park, and they have at least 3 trash cans and good signage. This has become an equity issue, and I'm very confused why this is allowed at Whites Park but not Keach. Whites Park has at least 3 trash cans and 2 toilets. Keach has zero trash cans and zero usable toilets. Please see the attached photos, and feel free to share any of them from either email, as well.

Thanks again for your support!
