Hi Jim,

As we briefly discussed, this email is to request that a stop sign be installed on Country Club Lane in East Concord by the Concord Country Club. Specifically, I'm requesting it be installed as Concord Country Club members/employees are leaving the club and are heading out on Country Club Lane as they approach the intersection of Oakmont Drive right by the pedestrian cross walk. Cars exiting Oakmont Drive and entering Country Club Lane have a stop sign. Due to both car and pedestrian safety and some recent close calls, I'm requesting a like stop sign be placed in the other direction.

Thank you so much,
Jan LaTourette
