RE: Land Use Change Tax Quarterly Update

4th Quarter 2025

Property owners who have 10 or more contiguous acres left in its natural state as forest land, unproductive land, wetlands, or farm land may apply for current use taxation under RSA 79-A. Property enrolled in current use is valued for property taxes at current use values established annually by the Current Use Board and not at market value. When current use land is developed or falls below the 10 acres minimum, a one-time Land Use Change Tax of 10% of the fair market value of the land, which no longer qualifies for a current use assessment, is billed to the property owner. The money collected from the Land Use Change Tax, per an earlier City Council vote, is split 50/50 between the Conservation Trust Fund and the Highway Fund.

No Land Use Change Tax bills were mailed during the 4th quarter. \$14,045.80 in Land Use Change Tax was collected during the 4th quarter of 2025. There are two pending accounts.
