Subject: Transfer station

Honorable Mayor,

It has been brought to my attention that recently the transfer station on Old Turnpike Road no longer allows trucks with dump beds to raise their beds to dump in the containers. As it was explained to me, all vehicles must now off load into the containers by hand. In order to use a dump bed the person will need to drive to the facility in Allentown. They must set up an account for the Allentown facility and are eligible to receive a discount by identifying they are from Concord.

I am requesting that this matter be referred to the appropriate administration department(s) to review why the change occurred and why Concord residents must now drive to Allentown to take advantage of a service that until recently was available at the transfer station in Concord.

Respectfully,

Allan Herschlag
