Madam Clerk.

Would you please refer this to the Parking Committee for consideration.

Thank you.

**Subject:** Parking Referral

Good morning Todd.

Could you refer the following to your Parking Committee for consideration of additional signage.

There is a residence at 66 S Fruit Street who has a parking issue. There is a small area between his driveway and the northerly driveway/exit at Memorial Field.

There is basically room for one vehicle in this space. However it is causing a couple issues.

1. Often encroaches and exceeds minimum distance from the driveways of both Memorial Field and the resident at 66 S Fruit Street.
2. Creates a line of sight hazard for vehicles exiting the northerly driveway at Memorial Field.

## Memorial Field / 66 S Fruit Street Parking Issue

For the above reasons I would ask you Committee consider eliminating this one parking space between the two driveways. I have attached a schematic for your reference. Please let me know if you have any questions.
